Concordia: The Briton and the Dane

Written by Jamie Saloff

Concordia: The Briton and the Dane, by [Mary Ann Bernal](#). I love it when a cover catches my eye, and I have to stop and look more closely. That's what a cover is supposed to do! The first thing I saw was the ornate, golden sword. ("Sparkly thing!" a friend always says.) Then we are treated to the Celtic knots and aged book background. The cover is rich-looking and full of interesting textures.

This book immediately proclaims it's readership and demands to be held. (Imagine if it really were old textured,

weather-worn leather!) Be sure to check out Mary Ann's book. Ready to read more? [Click here](#).
